## ONEM2M TECHNICAL REPORT

Document Number	oneM2M-TR-0058-V-o.o.1
Document Name:	Railway Domain Enablement
Date:	<2018-12-03>
Abstract:	This Technical Report investigates how to enable oneM2M system working in the railway vertical domain. This TR includes use cases, studies on essential features and summaries of other standards organizations on the railway vertical domain for the next oneM2M release(s) which considers and supports railway domain devices and services.

The present document is provided for future development work within oneM2M only. The Partners accept no liability for any use of this report.

The present document has not been subject to any approval process by the oneM2M Partners Type 1. Published oneM2M specifications and reports for implementation should be obtained via the oneM2M Partners' Publications Offices.

19 About oneM2M

20 The purpose and goal of oneM2M is to develop technical specifications which address the  
21 need for a common M2M Service Layer that can be readily embedded within various  
22 hardware and software, and relied upon to connect the myriad of devices in the field with  
23 M2M application servers worldwide.

24 More information about oneM2M may be found at: <http://www.oneM2M.org>

# 81 1 Scope

82 The present document ...

83 EXAMPLE: The present document provides the necessary adaptations to the endorsed document.

84 *The Scope shall not contain requirements.*

---

# 85 2 References

86 *The following text block applies.*

87 References are either specific (identified by date of publication and/or edition number or version number) or  
88 non-specific. For specific references, only the cited version applies. For non-specific references, the latest version of the  
89 referenced document (including any amendments) applies.

## 90 2.1 Normative references

91 *As a Technical Report (TR) is entirely informative it shall not list normative references.*

92 The following referenced documents are necessary for the application of the present document.

93 Not applicable.

## 94 2.2 Informative references

95 *Clause 2.2 shall only contain informative references which are cited in the document itself.*

96 The following referenced documents are not necessary for the application of the present document but they assist the  
97 user with regard to a particular subject area.

98 [i.1] oneM2M Drafting Rules ([http://member.onem2m.org/Static\\_pages/Others/Rules\\_Pages/oneM2M-Drafting-  
99 Rules-V1\\_0.doc](http://member.onem2m.org/Static_pages/Others/Rules_Pages/oneM2M-Drafting-Rules-V1_0.doc))

---

# 100 3 Definitions, symbols and abbreviations

101 *Delete from the above heading the word(s) which is/are not applicable.*

## 102 3.1 Definitions

103 *Clause numbering depends on applicability.*

- 104 • *A definition shall not take the form of, or contain, a requirement.*
- 105 • *The form of a definition shall be such that it can replace the term in context. Additional information*  
106 *shall be given only in the form of examples or notes (see below).*
- 107 • *The terms and definitions shall be presented in alphabetical order.*

108 For the purposes of the present document, the [following] terms and definitions [given in ... and the following] apply:

### 109 *Definition format*

110 **<defined term>**: <definition>

111 *If a definition is taken from an external source, use the format below where [N] identifies the external document which*  
112 *must be listed in Section 2 References.*

113 <defined term>[N]: <definition>

114 **example 1:** text used to clarify abstract rules by applying them literally

115 NOTE: This may contain additional information.

## 116 3.2 Symbols

117 *Clause numbering depends on applicability.*

118 For the purposes of the present document, the [following] symbols [given in ... and the following] apply:

### 119 *Symbol format*

120 <symbol> <Explanation>  
121 <2<sup>nd</sup> symbol> <2<sup>nd</sup> Explanation>  
122 <3<sup>rd</sup> symbol> <3<sup>rd</sup> Explanation>

## 123 3.3 Abbreviations

124 *Abbreviations should be ordered alphabetically.*

125 *Clause numbering depends on applicability.*

126 For the purposes of the present document, the [following] abbreviations [given in ... and the following] apply:

### 127 *Abbreviation format*

128 <ABBREVIATION1> <Explanation>  
129 <ABBREVIATION2> <Explanation>  
130 <ABBREVIATION3> <Explanation>

131

---

## 132 4 Conventions,

133 The key words “Shall”, ”Shall not”, “May”, ”Need not”, “Should”, ”Should not” in this document are to be interpreted  
134 as described in the oneM2M Drafting Rules [i.1]

---
