

Proposed Work Items for CJK NGN Meeting

March 2005

Understand each other

- CCSA TTC and TTA Introduce the NGN plan of each government.
- The operators introduce their current network and future plan.
- Vendors introduce the NGN solution.

Can you arrange the visit to the follow
example:

- C4 and C5 commercial case using softswitch in China.
- 3G mobile network in Japan.
- Home network in Korea.

What we can do together?

- Find out the superiority of each country in NGN product chain (including chips, components, equipment, software, commercial mode....)
- Send contributions to ITU ,3GPP together.
- Discuss the possibility of the integrative network of CJK area

ZTE中兴

Thanks
